Dear Patient

Firearms Licensing Application/Renewal

Thank you for your request for a medical report. The police have asked you to obtain this for the purposes of assessing your suitability to be issued with a firearms certificate.

Ivy Grove Surgery declines to provide such a report because we have a conscientious objection to the holding of firearms. We are aware of our responsibilities and obligations under GMC guidance on conscientious objection.

We therefore present the following options which may be suitable for you:

1/ Police – you can give the police your consent to request a full copy of your medical records from us, if they are prepared to make their own assessment of your records

2/ MedCert - medical records checks for firearms and shotgun licence applications

Website: medcert.co.uk

Email: info@medcert.co.uk

Tel: 020 8063 4503

3/ ShootCert – medical notes verification

Verifying doctor: Dr Chris Garrett

Website: shootcert.co.uk

Email: admin@shootcert.co.uk

4/ British Association for Shooting and Conservation (BASC) - help in providing a medical report

Website: basc.org.uk

Yours sincerely

Ivy Grove Surgery
