---

Dear

Thank you for letting us know that you are caring for someone.

We do understand the impact that looking after someone can have on patients' health and well-being and are keen to help if we can to support you to stay as fit and healthy as possible.

One of the ways that we may be able to help is by sharing information that might be helpful to you. With this in mind, included in this pack is our carer information leaflet, a leaflet explaining the services provided by the Derbyshire Carers Association, an application for a carers emergency card which will be used in the event of a carer being suddenly unable to care for an individual, an application form for online access to medical records or a suggested letter to enable you to obtain information about the person you are caring for and details of our regular monthly coffee mornings held at the Surgery.

If you feel that there are other ways in which this practice could help you, we are always willing to listen to new ideas.

Thank You

Dr P Smith  
Carers Lead
